Altech NuPay specialise in developing world leading products servicing all markets that have a need for managed electronic payment and collection systems.

Altech NuPay's E-Commerce payment gateway provides a secure online payment facility that accepts both debit card and credit card payments allowing you to reach a greater audience and ultimately increase your clientele.

Grow your online business with the trusted E-Commerce payment solution from Altech NuPay. NuPay E-Commerce provides merchants with a secure online payment gateway integrated into your own website allowing you to electronically exchange goods and services with no barriers of time or distance.

NUPAY E-COMMERCE (ELECTRONIC COMMERCE)

NUPAY E-COMMERCE

Secure online credit card and debit card payment facilities integrated into your website

E-Commerce consists of the buying and selling of goods and services over the Internet using the world wide web. The amount of trade conducted electronically has grown extraordinarily. A wide variety of commerce is conducted in this way drawing on innovations in electronic funds transfer, online transaction processing and internet marketing.

Why choose NuPay E-Commerce?

Connecting a website to the payment processing networks is exceptionally difficult and typically beyond the expertise and technical resources of most online merchants. With NuPay E-Commerce, merchants can now simply integrate the NuPay E-Commerce payment gateway into their own website which provides the complex infrastructure and security necessary to ensure fast, reliable and secure transactions from both debit card and credit card payments.

This method of payment is especially useful for:

- Merchants who offer goods and services via their website.
- Merchants wanting to broaden their target audience, grow their clientele and increase their sales.
- Merchants who want a secure online payment solution that accepts both debit and credit card payments.
- Merchants wanting to reach potential customers globally 24/7. (Debit card payments only accepted in South Africa)

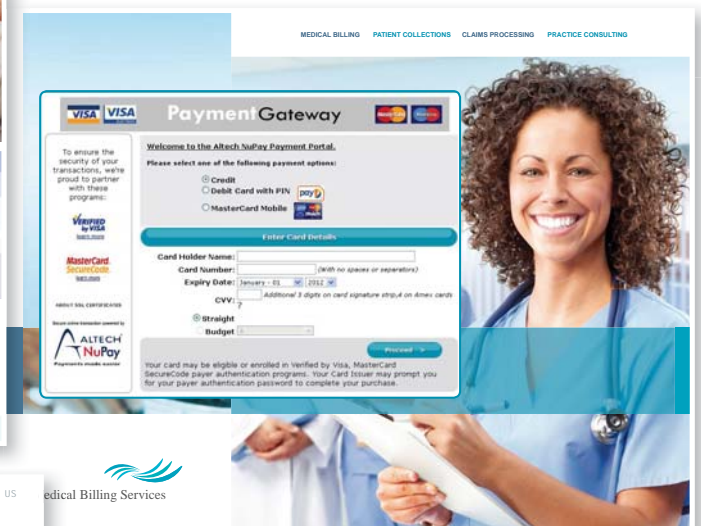

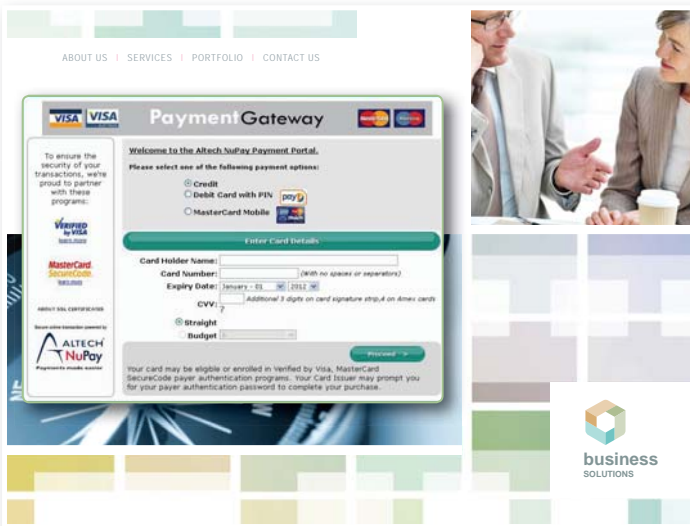

What's needed from the merchant?

- Contact an Altech NuPay Sales Consultant or send us an email to set up an appointment.
- Our Sales Consultants will assist you with the application to become an Altech NuPay E-Commerce merchant.
- Ensure your website is developed to include the necessary terms and conditions enabling you to accept electronic payments online.
- Altech NuPay will supply your web developer with the necessary specifications to enable the NuPay E-Commerce payment gateway to be embedded or run as an in-line page on your website.

Our extensive web-based reporting further allows clients to remain up-to-date with all their transactions, anywhere... anytime.

What are the benefits of the NuPay E-Commerce product offering?

- Secure transactions Verified by VISA.
- Secure transactions by Master Card Secure Code.
- Successful and unsuccessful bank responses to transactions securely stored on the Altech NuPay database.
- Online real-time viewing of successful and unsuccessful transactions via the secure Altech NuPay website.
- Receive daily Emails with all successful and unsuccessful transaction reports.
- Payments approved are credited directly into the merchants Absa account by Absa Bank.
- Real time credit card payments secured through VISA and Master Card.
- Real time debit card payments secured by way of cardholders PIN.
- Cost-effective pricing structure.
- Secure password protected access to the Altech NuPay website enabling the merchant to monitor transaction activity.
- Centralised contact centre as well as a dedicated Customer Relationship Consultant team to provide the merchant with training and assistance.

The NuPay E-Commerce payment gateway can simply be integrated into your website allowing you to accept secure online payments via both debit and credit cards, from anywhere, anytime.

Since 1999, Altech NuPay has provided companies and organisations – from South Africa's leading banks and financial institutions to local schools and sports clubs – with trusted and secure payment and collection solutions.
